

CHANGE YOUR GOOGLE PLAY STORE COUNTRY

To change your Google Play Store country to Malawi and access applications, such as PaySimati, available there, follow these steps:

Recommended, if you are physically in Malawi:

1. Ensure you're physically present in Malawi (the Play Store detects your location)
2. Open the Google Play Store app on your Android device
3. Tap your profile icon > Settings > General > Account and device preferences
4. Tap on Country and Profiles
5. Select Malawi as your new country
6. Add a Malawian payment method, if required

Important Notes

- You can only change your Google Play country once per year
- The change may take up to 48 hours to take effect
- You may lose access to some previously purchased content not available in Malawi
- If you don't see the option to change countries, try clearing the Play Store app data (Settings > Apps > Google Play Store > Storage > Clear Data)

If you encounter any issues, you may need to consider creating a new Google account specifically for accessing the Malawian Play Store.
